Tip to Toe

Put your money in checks. . . and watch the interest grow! Sounds mercenary, but we're talking about the newest "look" in Fall fashions for day. Light-weight wools in checks, plaids, and tweeds have never been more smartly styled or less scratchy to wear. And that's welcome news to everyone south of Boonsville, New York (at 20 degrees, the coldest spot in the country this week!).

There's a built-in, or at least *woven-in* secret to the gentle quality of wools this year. Most are the happy result of a marriage with silk, which smoothes and smoothes as it mixes. So . . . though tweed has always been linked with men, dogs, pipes and vigorous walking. . . it now becomes a lady, in the most becoming way!

Typical of this new use of wools . . . an outfit we spotted with the fabulous "costume" look that's the hit of the season. The slender skirt is beautifully tailored of a silk worsted tweed and has hand bound button-hole pockets. Jersey, always a fall favorite, makes a stunning leotard-type blouse with three-quarter push-up sleeves. And the jacket is best of all. . . a surprise combination of the same light-weight jersey outlined and pocketed in the tweed.

Top Tips

"Look" magazine has discovered us in its latest issue, devoted to "vast, crowded, incredible California." In a section on California High Fashion they declare: "California fashions have taken a surprising turn toward opulence and elegance. Known for inexpensive swim-suits and sportswear, this second-ranked (next to New York) clothing market in the U.S. is now also going all out for lavish fabrics, striking styles and high price tags."

Not all the price tags are high! We have a secret for "Look." It's easy. . . with more taste than money . . . to look lovely from Tip to Toe. . . when you live in California!

Doctor Speaks to Volunteers

Members of the Little Company of Mary Hospital Auxiliary learned about the institution they will serve as volunteers, when Dr. John A. Wilson spoke to them at their recent September meeting.

As president of the medical staff at the hospital nearing completion at 4101 Torrance Blvd., Dr. Wilson will provide a guiding hand for the 160 doctors who will comprise the staff.

Discussing the hospital from a doctor's viewpoint, the speaker mentioned ideal geographical location, complete pediatric service, and the physical features of the building proper.

Concluding with high praise for the "dedicated sisters" of the Little Company of Mary nursing order, Dr. Wilson said the "administration of the hospital is in the finest hands it could be. The doctors will enjoy the hospital as the patients will appreciate it."

Dr. Wilson's talk was the second of a series of programs planned for the Auxiliary by Mrs. Harrison A. Storms Jr., program chairman.

During a short business session Mrs. Frank H. Forester, president, announced the appointment of Mrs. Victor E. Benstead as flower chairman. Sprays of wild dill, marigolds, and a white madonna figurine were used in the artistic centerpiece she had arranged for the meeting.

Mrs. R. L. Moffitt reported on ways and means projects including the benefit parties in the homes of members, for which Mrs. Storms is chairman; proceeds from the home parties, to

be continued through the winter, will go toward equipping the nursery at the hospital. A reminder of the Oct. 6 deadline for charter memberships was made by the membership chairman, Mrs. A. J. Daly.

Mrs. D. Kirnes and a group of ladies from St. Catherine Labouré church in Lawndale served refreshments, Tuesday, Oct. 6, is date of next meeting, at St. Lawrence Martyr parish hall, 1960 Tulita Avenue, Redondo Beach.

District Juniors Announce First Conference

Mrs. Robert Dreizler, president, Marina District, California Federation of Women's Clubs, Junior membership, announces the first conference of the club year will be held on Monday, Sept. 28, 8 p. m., at the Neptunian Clubhouse, Manhattan Beach. The meeting is open to the entire membership with the Manhattan Beach Dolphins as the hostess club.

A "chairmen's workshop" will replace the regular program. Each district chairman will meet in separate groups with the corresponding club chairman to outline her duties for the year and pass on information received from the state chairmen. All club chairmen are expected to attend as this is the best way to start off in the right direction towards awards at the end of the year.
